PART I

INFORMATION ON THE GROUP

Introduction

The Company is the holding company of NCI Consultants, a company that specialises in the provision of vehicle breakdown and roadside assistance recovery.

The cover is currently provided to customers based in the UK, caters for vehicles used in the UK and Europe and is available to both individuals and businesses. NCI provides cover for motorcycles, cars and vans.

The types of cover provided by NCI have been specifically designed to compete with other breakdown repair and recovery services available in the marketplace in terms of level of cover and service as well as price.

In the opinion of the Directors, in the breakdown and recovery market, there is a strong correlation between the age of vehicles covered and breakdown cover usage rates. The Directors believe that, of the three largest players in the marketplace, only Direct Line reflects this in its pricing strategy. By targeting individuals who match perceived low-risk profiles, the Directors believe that NCI will continue to keep its prices below those of its main competitors.

Background

The Company was incorporated on 23 February 2004 as a public limited company and is the holding company owning the entire issued share capital of NCI Consultants. NCI Consultants was formed in April 2000 by its directors Neil Richards-Smith and Craig Duwell and commenced trading in August 2000.

Some of the Group's key strengths are:

- Strong and enthusiastic management team
- Non-executive directors with demonstrable track record at director level within The Automobile Association
- Historical record of increasing revenues and subscriber numbers
- Infrastructure now in place for rapid expansion
- Contract in place for advertising in specialist magazines on a profit share basis to 30 June 2006
- Most memberships can be annually renewed and 57% of all memberships are renewed annually
- All products are fully insured by Groupama
- Large potential market
- Historic revenue growth as set out below

<i>Financial Year Ended</i>	<i>Turnover</i>	<i>Pre-Tax Profit/(Loss)</i>
31 March 2001	£82,732	(£1,359)
31 March 2002	£200,677	£8,027
31 March 2003	£374,498	£25,167
31 March 2004	£507,829	£13,966

Historically, NCI has predominantly provided breakdown cover for motorcycles through advertising in motorcycle magazines. The directors believe that the split between motorcycles and other vehicles covered is becoming more balanced as the customer base grows. NCI currently has over 10,000 vehicle registered customers and over 3,500 personal members with an estimated 2.7 vehicles covered per policy.

More recently NCI has begun to expand the number of customers taking out car breakdown cover since the target market is approximately 25 times larger than that of motorcycles. The marketing plan began with advertising in Yellow Pages, which has proven to be very successful. NCI now advertises in every Yellow Pages in the UK excluding Northern Island and the Isle of Wight.

Quote conversion rates since 1 April 2004 are approximately 68%. The gross margin (since 1 April 2004) on premiums paid for the year ended 31 March 2004 was approximately 38%.

The Directors expect substantial growth over the next 3 years and NCI currently has suitable telephone systems, computer hardware, bespoke software, the necessary staff procedures and systems to handle such growth.

NCI has already identified a number of additional products that it could cross-sell to the customer base in addition to breakdown cover. Such products include car insurance, vehicle inspections, warranties and vehicle history checks. In addition NCI has commenced offering travel insurance to its customers.

Operations

Applications for cover are received by telephone, the internet (via the company's website www.ncionline.co.uk) and by post. NCI currently advertises its products in special interest magazines, the Yellow Pages, at exhibitions and events and by direct mail. The products offered by NCI are also promoted by third parties such as motorbike and car dealerships.

The breakdown cover sold by NCI is a fully-insured product backed by Groupama Insurances, one of the UK's leading general insurers and a wholly-owned subsidiary of a large European financial group. Since the breakdown cover is a fully-insured product any claims are met by the insurer, leaving NCI without any exposure to claims.

NCI utilise the services of a network of independent recovery agents throughout the UK and Europe. These recovery agents are only paid for the time spent assisting members with NCI policies and these policies are fully insured for the call-out time. NCI members are therefore able to make substantial savings as NCI is not required to have a fleet of vehicles and technicians 24 hours per day, every day during the year and thus overheads are kept to a minimum. These savings can therefore be passed onto policyholders through reduced annual fees.

Claims handling is outsourced to Call Assist, for 24-hours per day, seven days per week claims handling. This outsourced service allows NCI to focus on selling the breakdown cover whilst keeping overheads as low as possible. Call Assist was formed in 1999 to develop motor rescue, accident assistance and other assistance services.

It is the Directors' opinion that the key personnel of Call Assist have excellent experience of managing large vehicle recovery contracts. Call Assist is a member of the General Insurance Standards Council, BSEN ISO 9001 accredited and recognised as an investor in people.

The range of membership available is varied and allows members to choose the cover that suits their individual needs. With this tailored approach NCI are able to offer appropriate cover to any individual or business giving the Company a potential market of over 25,000,000 vehicles or individuals.

The Process

Upon receiving a call, an NCI operator will establish the client's requirements and proceed to take the caller's details. The client is asked where he heard about NCI, which is essential as it allows NCI to monitor the effectiveness of its advertising spend, and the date the client would like cover to commence should they decide to choose an NCI policy. The client is then asked relevant questions relating to the client's circumstances, which they will use to establish the cover that best suits the client's needs. The client is given a quotation.

The quotation (premium) is explained to the client along with a brief overview of the contract and any questions are answered. The operator will then attempt to close the sale and obtain a commitment to buy from the client.

- 1) If the client decides to purchase the cover, the client's payment details are taken and documents are sent out the same day by first class mail, including a full policy wording, schedule of cover and a membership card that has the free dedicated 24hour breakdown line telephone number printed on it. Nightly data transfer then sends this client's information to NCI's service provider whose database is updated with those that have taken out cover.
- 2) If the client decides not to buy the cover, NCI confirm the quote reference and ask if the client would like the quote and specimen policy wording sent.

If a member needs to use the service they are directed to call the 24hour breakdown number. This is routed to a call centre where the operator will confirm the client's membership details to validate their claim and confirm the location of the client/breakdown, locate the nearest relevant vehicle recovery operator and then send assistance.

The client is always contacted roadside by the operator to provide details of the vehicle recovery operator who will be attending and the client is also asked if they would like anyone to be contacted on their behalf.

Customers normally contact NCI only if they have any queries, alterations or problems with their policy.

21 days before the policy falls due for renewal, NCI will send written confirmation of the new premium and inform the client of what is on offer. On the seventh day before the due date, if the policy has not been renewed, the NCI renewal operators will contact the client who is reminded that the policy is due for renewal and try to obtain payment. If it is not possible to make contact by telephone then a letter is sent. This process is repeated each year.

Under the personal membership scheme the person(s) named in the schedule will only receive assistance if they are with the vehicle when it breaks down.

Fundraising

The Company is now seeking to raise capital of £400,000 under the Offer to facilitate further growth in the UK. The funds will be mainly used for extensive but focused advertising and public relations campaigns in various media along with commercial promotion. To date the utilisation of paid-for advertising has been restricted. The Directors believe that with the funds raised pursuant to the Offer they will be able to take advantage of the demand for a quality breakdown cover product at competitive prices.

Market

The potential market for the Group's existing products within the UK is very large. There are over 34,000,000 vehicles in the UK market with over 1,400,000 being motorcycles. The breakdown services market is estimated to be worth over £1.4billion (source: Ram Media using TGI 2003 statistics).

Sales and marketing

The Group currently promotes its products through the Motorcycle News publication, Yellow Pages and spot advertising in other motorcycle media. NCI also issues press releases and attends national and regional shows.

Motorcycle distributors have been approached to promote the Group's products or distribute NCI sales brochures when a motorcycle is purchased. To date Victory Motorcycles and Aprilia Motorcycles have agreed deals with NCI whereby all new bikes purchased will be offered or provided with a one year NCI Comprehensive Biker Rescue contract. These are NCI branded in respect of Victory and co-branded in respect of Aprilia. These agreements have a number of benefits for NCI, including promotion of the NCI brand and its association with reputable motorcycle distributors.

The Dealer Direct programme has been set up by NCI to allow car and motorcycle dealers to sell NCI products in their showrooms. This has proven successful since the Group effectively has an outsourced sales force on a commission only basis. The Dealer Direct system has been on trial for over twelve months and is now in an expansion programme. NCI currently have over 175 dealers on the system and the Directors intend to continue to target this market.

The Directors plan to continue to approach any company or organisation that has customers or members who may be interested in breakdown cover. The Company would benefit from large organisations promoting the NCI brand whilst these organisations would benefit from profit-share arrangements. Examples where large organisations have promoted other breakdown cover include Tesco and Direct Line, Barclays and Green Flag, Lloyds TSB and AA. NCI intends to target similar commercial opportunities.

FSA Licence

From January 2005, NCI is required to be authorised by the FSA since the breakdown membership provided is a fully insured product. NCI has applied for full authorisation and have utilised the services of an external consultant in preparation of the necessary documentation. The Directors have no reason to believe that approval by the FSA will be declined.

Competition

The major competitors of the Group have strong brand names and have been established for many years but due to the nature of their membership schemes and higher prices charged by competitors the Directors believe that NCI provides an attractive alternative.

There are three major organisations providing breakdown cover. These are the AA, RAC and Direct Line. In addition to these, there are a number of smaller companies who have entered the market such as More Than and Britannia Rescue. The Directors believe that NCI has an advantage over all competitors in terms of price. The disadvantage for NCI is that it is currently one of the least well-known brands.

It is the belief of the Directors that with additional exposure from advertising and public relations, NCI can substantially increase brand awareness and thus revenues whilst taking market share from competitors.

Marketing Director, he introduced the AA's "4th Emergency Service" positioning and helped to effect the AA's demutualisation in 1999 and subsequent sale to Centrica.

Details of the procedure for application for Offer Shares are set out in Part IV of this document. The Directors reserve the right to reject in whole or in part or to scale down any application.

The subscription list will open at 10.00 am on 4 June 2004 and may be closed at any time thereafter but in any event no later than 3.00 pm on 9 July 2004, unless extended by the Directors. The subscription price of 15p per Offer Share is payable in full on application.

The Offer Shares will, following allotment, rank pari passu in all respects with the existing issued Ordinary Shares and will have the right to receive all dividends and other distributions hereafter declared, made or paid in respect of the issued ordinary share capital of the Company.

Committed Investors

The Company has entered into investment agreements ("Committed Investor Agreements") with each of Gledhow Investments plc, Mosaique plc, Trevor Larman and Woodland Capital Limited ("the Committed Investors") pursuant to which each of the Committed Investors has agreed to subscribe for 83,333 Offer Shares (in aggregate 333,332 Offer Shares) and conditionally to subscribe for up to a further 250,000 Offer Shares to the extent that these are not taken up pursuant to the Offer (in aggregate 1,000,000 Offer Shares). The Committed Investor Agreements are conditional upon Admission taking place by no later than 31 August 2004. As consideration for these commitments, the Company has agreed to grant 1 warrant to each of the Committed Investors for every 1 share committed so that each Committed Investor will receive 333,333 warrants to subscribe for new Ordinary Shares at the Offer Price, exercisable at any time for a period of five years from the date of grant. Further details of the Committed Investor Agreements are provided in paragraph 12.1 of Part III.

Reasons for the Offer

The Offer will raise approximately £323,000 for the Company net of expenses (assuming full subscription). The net proceeds of the Offer will be used for working capital purposes and also to provide funds to finance growth through an extensive but focused marketing campaign. The Directors believe that the profile of the Company will be significantly enhanced by its position as a company whose shares are traded on OFEX. None of the Directors is selling any Ordinary Shares in or as a consequence of the Offer.

Directors Interests

The Directors' interests following the Offer are set out in paragraph 4 of Part III of this document. In aggregate, the Directors will be interested in 5,133,332 Ordinary Shares following Admission, representing approximately 55.40 per cent. of the Company's issued share capital assuming full subscription of the Offer Shares. The Directors have undertaken not to sell any Ordinary Shares without the prior consent of Ruegg for a period of twelve months from the date of Admission.

Dividend Policy

The Directors are committed to building and developing the business of the Company. Accordingly they propose to reinvest any profits during the next few years and do not expect to pay dividends for at least the first three years following Admission.

Enterprise Investment Scheme (EIS) Tax Reliefs

The Company has received clearance from the Inland Revenue that its business qualifies for relief in respect of the Enterprise Investment Scheme. The proposed new financing structure should therefore enable potential investors to qualify for relief under EIS subject to the detailed requirements of the scheme. EIS tax relief can be claimed by a qualifying individual who subscribes for eligible shares in a qualifying company.

Set out below are summaries of the main provisions of the Enterprise Investment Scheme, so far as is relevant to the Company and investors, as set out in the Income and Corporation Taxes Act 1988 (as amended). It does not set out the provisions in full and potential investors are strongly advised to seek independent professional advice.

(i) Income Tax Relief

Qualifying individuals may deduct an amount equal to tax at the lower rate on the amounts subscribed for qualifying shares in qualifying companies from their total liability to income tax for the tax year in which the shares are issued. For the tax year 2004/2005, the relief is obtained at a rate of 20%. It does not matter whether the individual is UK resident for tax purposes but relief is only available where an investor has a UK income tax liability. The amount of income tax relief cannot exceed an individual's tax liability before other reliefs given by way of discharge of tax. The maximum income tax relief available to an individual who has subscribed for eligible shares is based on a maximum investment of £200,000 in any one tax year. The tax relief can be spread between any number of EIS qualifying companies.

(ii) Capital Gains Tax (CGT) Deferral

Liability of individuals and certain trustees to CGT arising from the disposal of any asset may be deferred by investing the gain (or part of the gain) in the shares of a qualifying company. The investment must be made within a time period beginning one year before and ending three years after the original disposal.

(iii) CGT Exemption

To the extent EIS income tax relief is given and not withdrawn and on the assumption that shares were originally subscribed from the Company, there is no CGT due on gains arising on the disposal of the shares in the Company provided these have been held for a minimum of three years from the date of issue or the commencement of trading, if later. However, any previous gains deferred by reinvesting EIS shares remain chargeable.

(iv) Loss Relief

Where a loss is incurred by an investor on the first disposal of his shares, the loss calculated after deducting EIS tax relief from the cost of the investment may be set against either chargeable gains or taxable income at the election of the investor.

Individuals Qualifying for Relief

Subject to certain exemptions, an individual must not be, nor have been within the previous two years, prior to the issue of shares, connected with the Company, or become connected with it within the next three years (or three years from the commencement of trade if later), if he is to retain the tax reliefs. The main rules relating to connection are that:

- (i) neither the individual nor his associates may control the Company or possess more than 30% of the issued ordinary share capital or loan capital or voting powers in the Company or rights carrying entitlements to 30% of the assets available for distribution on a winding up;
- (ii) neither the individual nor his associates may be an employee, partner or paid director of the Company (subject to (iii) below) or its subsidiaries. An unpaid director is not disqualified if he is reimbursed travelling or subsistence expenses which would otherwise be allowable for taxation; and
- (iii) an individual may become a paid director of the Company provided at the time he subscribes for eligible shares he was not, and has not previously been, otherwise connected with the Company, nor with the trade carried on by the Company. Any remuneration paid to a director must be reasonable.

Claims

Investors claim income tax relief by submitting a tax relief certificate (Form EIS 3) issued to them by the Company to the Inspector of Taxes dealing with their own tax affairs. The claim for relief must be made no later than five years after the 31 January following the end of the tax year in which the shares are issued.

Qualification of the Company

For a period of three years following the issue of the shares, the Company must only:

- (i) carry on a qualifying trade; and/or

- (ii) be the parent company of a group which exists wholly, or substantially wholly for the purposes of carrying on qualifying trades.

It must also:

- (iii) have gross assets of less than £15,000,000 before the issue of the shares and not more than £16,000,000 after the issue;
- (iv) be unquoted at the time of the issue, without any arrangements in place for quotation (shares traded on OFEX are not regarded as quoted for this purpose).

Withdrawal of relief

If the company or the Group ceases to carry on its qualifying trade, the relief will be withdrawn. Relief may be wholly or partly withdrawn. Relief will also be wholly or partly withdrawn if, for example, the claimant receives value from the Company (other than dividends) or disposes of the shares within three years of the date of issue. Relief will also be lost if an investor takes out a loan under special terms connected in any way with the shares.

EIS Tax Relief Certificates

Following the issue of the New Ordinary Shares, the company must apply to the Inland Revenue for authorisation to issue tax relief certificates (Form EIS 3) to investors. Although the time taken by the Inland Revenue to grant authorisation cannot be controlled by the Company, every effort will be made by the Directors to expedite matters and, as soon as authorisation is given, Form EIS 3 will be distributed to investors. Investors should then submit the Forms EIS 3 to the Inspector of Taxes dealing with their own affairs.

RISK FACTORS

There are various risks associated with an investment in the Company. The Directors consider the following risks to be the most significant to potential investors. However, the risks listed do not necessarily comprise all those associated with an investment in the Company:

- The sector in which the Group operates is very competitive and there is no certainty that the Group will be able to achieve growth targets or that the market it intends to exploit can be exploited to the extent indicated by the Group. Although the Directors believe that the products offered by NCI are competitive in terms of price and quality there is no guarantee that other competing products and services will not in due course be launched on the market or indeed that existing competitors will become more price-competitive.
- The Group has a small management team and the loss of a key individual could affect the Group's business. Whilst the Company has entered into service agreements with the executive directors and they are shareholders in the Company, the retention of their services cannot be guaranteed.
- The Group's plan of operation is based on assumptions concerning future events in particular an expansion of the business as a result of increased marketing spend, on the basis of information to date, which the Directors believe to be reasonable but which are subject to uncertainty and change. There is no certainty that the Group's strategy will be realised or that it will achieve the profits and cash flows anticipated.
- Management estimates of future sales are based on their subjective assessments of the likely level of interest in the products from potential purchasers subsequent to marketing activities. These estimates are inevitably subject to error.
- It may be necessary for the Group to arrange additional capital by way of the issue of further shares to enable it to progress through further stages of development. There can be no assurance that such funding will be available to the Company, nor of the degree of dilution to shareholders that such fundraising may entail.
- As from January 2005 the Company will have to be authorised by the Financial Services Authority in order to carry on its business. The Company has filed the necessary documentation with the FSA. Whilst the Directors have worked closely with the FSA, utilised the services of a specialist external consultant and submitted the application early, there is a risk that the application will be rejected by the FSA. If the application is rejected then the Company will not be permitted to carry on its business.
- The Company's business operations are at a relatively early stage of development and its success will depend largely upon the effectiveness of its current management in taking advantage of opportunities in order to enhance the Group's growth and profitability.
- The Ordinary Shares are not listed or dealt in on any stock exchange. Notwithstanding that an application is intended to be made for the Ordinary Shares to be traded through the OFEX market, no guarantee can be given that such application will be accepted and nor should admission to OFEX be taken to imply there will be a "liquid" market in the Ordinary Shares. An investment in the Ordinary Shares may therefore be difficult to realise. The value of the Ordinary Shares may go down as well as up. Investors may therefore realise less than their original investment, or sustain a total loss of their investment.
- While the Directors believe the Company's application to join OFEX will be accepted, admission to, and continued membership of OFEX are entirely at the discretion of OFEX plc.

The investment offered in this Prospectus may not be suitable for all of its recipients. Investors are accordingly advised to consult an investment adviser authorised under the Financial Services and Markets Act 2000 who specialises in investments of this kind before making their decision.

NOTES TO THE FINANCIAL INFORMATION

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable accounting standards.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Motor Vehicles – 25% reducing balance
 Equipment – 25% reducing balance

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

Finance lease agreements

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included with creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account on a straight line basis, and the capital element which reduces the outstanding obligation for future instalments.

2. Operating profit

Operating profit is stated after charging:

- 3.2 The Articles of Association of the Company (“the Articles”) include provisions to the following effect:

3.2.1 Voting Rights

At general meetings of the Company, on a show of hands, every member who (being an individual) is present in person or (being a corporation) is present by a duly authorized representative not being himself a member entitled to vote, shall have one vote and on a poll every member present in person or by proxy shall have one vote for every share held by him. On a poll votes may be given either personally or by proxy.

3.2.2 Alteration of Capital

The Company may from time to time by ordinary resolution:

- (a) increase its capital as the resolution shall prescribe;
- (b) consolidate and divide all or any of its shares into shares of larger amount;
- (c) subdivide all or any of its shares into shares of smaller amount and attach varying rights to the shares resulting from such subdivision; and
- (d) cancel any shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

The Company may by special resolution reduce its share capital, any capital redemption reserve fund and any share premium account subject to the provisions of the Act.

3.2.3 *Variation of Rights*

All or any of the special rights for the time being attached to any class of shares for the time being issued may be varied or abrogated with the consent in writing of the holders of three-quarters in nominal value of the issued shares of that class or with the sanction of an extraordinary resolution passed at a separate general meeting of such holders (but not otherwise). At every such separate general meeting the necessary quorum shall be not less than two persons holding or representing by proxy not less than one third in nominal amount of the issued shares of the class or, at any adjourned meeting of such holders, one holder who is present in person or by proxy, whatever the amount of his holding, shall be deemed to constitute a meeting.

3.2.4 *Purchase of Own Shares*

3.2.6 *Dividends and other distributions*

The Company may by ordinary resolution declare dividends in accordance with the respective rights of the members, but no dividend shall exceed the amount recommended by the Board. The Board may pay interim dividends if it appears that they are justified by the financial position of the Company.

All dividends shall be apportioned and paid pro rata to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid.

Any dividend unclaimed after a period of 12 years from the date when it became due for payment shall, if the Board so resolves, be forfeited and cease to remain owing by the Company. The Board may, if authorized by an ordinary resolution of the Company, offer members the right to elect to receive shares credited as fully paid in whole or in part, instead of cash, in respect of the dividend specified by the ordinary resolution.

The Company may cease to send any cheque or dividend warrant through the post if such instruments have been returned undelivered or remain uncashed by a member on at least two consecutive occasions. The Company shall recommence sending cheques or dividend warrants if the member claims the dividend or cashes a dividend warrant or cheque.

In a winding up, the liquidator may, with the sanction of an extraordinary resolution and subject to the Insolvency Act 1986, divide among the members in specie the whole or any part of the assets of the Company and/or vest the whole or any part of the assets in trustees upon such trusts for the benefit of the members as the liquidator determines.

7. United Kingdom Taxation

The statements below are intended only as a general guide to the United Kingdom tax position as at the date of this document for United Kingdom residents beneficially entitled to their Ordinary Shares held as investments and is based on current legislation and practice. It may not apply to certain classes of shareholders such as dealers in securities. Investors should consult their own tax advisers. This summary is not exhaustive and does not generally consider tax reliefs or exemptions.

(a) Reliefs available for OFEX securities

As unquoted securities for tax purposes, various reliefs may be available for OFEX securities, including inheritance tax business property relief (Chapter 1 of Part V of the Inheritance Tax Act 1984). The precise details of reliefs are not within the scope of this summary, however any person who is in any doubt as to his taxation position should consult an appropriate professional adviser without delay.

(b) Taxation of Capital Gains

An individual shareholder who is either resident or ordinarily resident in the United Kingdom (whether or not domiciled there), may be liable to capital gains tax on any disposal of his shares in the Company.

A United Kingdom resident corporate shareholder may be liable to corporation tax on chargeable gains on any disposal of its shares in the Company.

A shareholder who is not resident (nor, in the case of an individual, ordinarily resident) in the United Kingdom, will not normally be liable to United Kingdom tax on capital gains on any disposal of shares in the Company unless the shareholder carries on a trade, profession or vocation in the United Kingdom through a branch or agency, and the shares are, or have been used, held or acquired for the purpose of such trade, profession or vocation, branch or agency.

(c) Taxation of income

Individual shareholders who are resident in the United Kingdom for tax purposes will be liable to income tax on the aggregate of the dividend received and the tax credit ("the gross dividend"). The value of the tax credit attached to dividends paid by the Company in future for individual shareholders will be one ninth of any dividend paid and will be available to set against their income tax liability. Lower and basic rate taxpayers will have no further liability to tax on their dividend. Higher rate taxpayers will be liable to tax on all or part of the sum of the dividend plus the tax credit at the higher rate of 32.5 per cent. against which liability they can offset the tax credit. No part of the tax credit is repayable.

A United Kingdom resident corporate shareholder will normally not be liable to United Kingdom corporation tax on any dividend received. No part of the tax credit will be available for set off against losses. No claim for repayment of a tax credit can be made in relation to a dividend paid to a pension fund or venture capital trust. Special transitional rules apply to charities.

Shareholders who are not resident in the United Kingdom may be subject to foreign taxation in respect of the dividend received from the Company under the laws of their own country of residence. Such shareholders should consult their own tax advisers concerning their tax liabilities, both in the United Kingdom and their country of residence, on whether they can benefit from all or any part of any tax credit and whether a relief or credit may be claimed in the jurisdiction in which they are resident.

(d) Stamp Duty and Stamp Duty Reserve Tax

Except in relation to depository receipt arrangements and clearance services where special rules apply, under current law, no stamp duty or SDRT will be payable on the issue of shares.

The above is a general summary of certain tax matters and should not be considered as constituting advice. Any person who is in any doubt as to his taxation position, or is subject to taxation in a jurisdiction other than the United Kingdom, should consult an appropriate professional adviser without delay.

8. Share Option Scheme

Subject to approval by the Inland Revenue, the Company intends to adopt an Employee Share Option Scheme (for the purposes of this paragraph referred to as the "Scheme"). In addition, for the purpose of granting the options referred to in paragraphs 6.3 and 6.4 above to the non-executive Directors, the Company intends to adopt an unapproved share option scheme. Under these schemes the Directors have the discretion to grant options to subscribe for Ordinary Shares up to a maximum of 10 per cent of the Company's issued share capital in aggregate. Options can be granted to any employee of the Group. The option price is not to be less than the middle-market price on the day of the grant and in any event not less than 17p per share. The options cannot be exercised for a period of 3 years from the date of grant.

PART IV

TERMS AND CONDITIONS AND PROCEDURE FOR APPLICATION

1. Applications for Offer Shares are subject to the terms and conditions included in the Application Form and set out below.
2. The basis of allotment will be determined by the Directors and Ruegg & Co Limited in their absolute discretion. Dealings prior to the issue of share certificates will be at the risk of applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all. The Directors and Ruegg & Co Limited reserve the right:
 - (i) to reject any application in whole or in part or to scale down any applications or to accept applications on a “first come first served” basis;
 - (ii) to extend the period during which the subscription list remains open; and
 - (iii) to treat any application as valid and binding on an applicant even if the Application Form is not complete in all respects or is not accompanied by a power of attorney where required.
3. The Application Form should be completed in full and sent or delivered to the address set out on the Application Form together with a remittance for the full amount payable. Cheques and banker’s drafts must be payable to Neville Registrars Ltd, a/c NCI and crossed “Not negotiable” and should be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a settlement member of the Cheque and Clearing Company Limited or the CHAPS & Town Clearing Company Limited or a member of either of the committees of the Scottish or Belfast Clearing Houses which has arranged for its cheques and bankers’ drafts to be cleared through the facilities provided by either of those companies or those committees (and must bear the appropriate sorting code number in the top right hand corner). Applications must be for a minimum of 8,000 Offer Shares and thereafter in multiples of 1,000 Offer Shares. The issue price of the Offer Shares is 15 pence per share and applications must therefore be for a minimum of 8,000 Offer Shares at an aggregate price of £1,200 and thereafter in multiples of £150 for each additional tranche of 1,000 Offer Shares applied for (or such smaller number for which the application may be accepted). Applicants are advised to allow two full business days for delivery through the post and to use first class mail. Applications will not be acknowledged.
4. The right is reserved to present all cheques and banker’s drafts on receipt and to retain certificates for new ordinary shares and any monies returnable pending the clearance of all cheques or pending investigations of any suspected breach of the terms applying to the application. All cheques, certificates and other documents sent or returned to applicants will be sent at the risk of the person(s) entitled thereto.
5. Cheques will be presented by Neville Registrars Ltd for payment on receipt into an interest bearing collection account with Barclays Bank plc. If Neville Registrars Ltd has not received £350,000 (being the minimum amount) in cleared funds by 3.00pm on 9 July 2004 or such later date as the Board may resolve, the Offer will lapse and all monies will be refunded to applicants within seven days thereafter without interest by crossed cheque through the post at the risk of the applicant. Any interest accruing thereon will accrue to the Company. Monies may be transferred to the Company as the Directors and Ruegg & Co Limited may determine against allotment and issue of Offer Shares. If any application is not accepted, the amount paid on application will be returned without interest in each case sent through the post at the applicant’s risk.
6. By completing and delivering an Application Form, you irrevocably undertake as follows:
 - (i) to subscribe for such number of shares specified in the Application Form (or such lesser number as is accepted), on the terms of, and subject to, the conditions set out in this document, including these terms and conditions and subject to the Memorandum and Articles of Association of the Company;
 - (ii) to accept such new Ordinary Shares as may be allotted to you in accordance with Box 1 of the Application Form or such lesser number (being not less than £1,200 sterling in value) of Offer Shares in respect of which this application may be accepted;

- (iii) that all applications, acceptances, allotments and contracts arising from it will be governed by and construed in accordance with English law;
 - (iv) that you are not under the age of 18 and that if you sign the Application Form on behalf of somebody else or a corporation you have the authority to do so and such person will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions of application;
 - (v) you authorise the Company or any of its respective agents to send by post a share certificate for the number of Offer Shares for which your application is accepted and/or a crossed cheque and/or return your cheque(s) or banker's draft(s) for any moneys returnable, in each case at the risk of the person(s) entitled thereto, to your address (or that of the first named applicant) as set out in the Application Form and to procure that your name (together with the name(s) of any other joint applicant(s)) is/are placed on the Register of Members of the Company in respect of such Ordinary Shares;
 - (vi) that you are not relying on any information or representation other than those contained in this document and accordingly you agree that neither the Company nor any person responsible solely or jointly for this prospectus or any part thereof shall have any liability for any such other information or representation;
 - (vii) that the cheque or banker's draft accompanying your Application Form will be honoured on first presentation and you agree that if it is not so honoured the Company may (without prejudice to any other rights it may have) avoid the agreement to allot the relevant Offer Shares and may allot or sell them to some other person in which case you will not be entitled to any refund or payment in respect thereof; and
 - (viii) that you have read and complied with paragraph 7 below.
7. Applications will not be accepted from persons resident in the United States of America, Canada or Australia and by completing and returning the Application Form the applicant warrants that he is not a person so resident. No person receiving a copy of this prospectus and/or an Application Form in any other territory (other than the United Kingdom) may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form, unless in the relevant territory such an invitation or offer could lawfully be made to him and such Application Form could lawfully be used without contravention of any regulation or other legal requirements. It is a condition of any application by any such person outside the United Kingdom that he has satisfied himself as to the full observance of the laws of any relevant territory, including the obtaining of any governmental or other consents which may be required and has observed any other formalities in such territory and paid any issue, transfer or other taxes due in such territory. The Company reserves the right to request applicants to produce evidence satisfactory to them of their right to apply for Offer Shares under the Offer and that such application would not result in the Company, its advisors or the Directors being in breach of any laws or regulations of the relevant jurisdiction.
 8. The Company reserves the right to treat any application, which does not comply strictly with the terms and conditions of the application as nevertheless valid.
 9. No letters of allotment or other renounceable or temporary documents of title or receipts will be issued in respect of accepted applications but share certificates will be despatched within 28 days of allotment.
 10. Applications will be irrevocable.
 11. If the value of your application is £10,000 or more (or is one of a series of linked applications the aggregate value of which equals or exceeds that amount), the verification of identity requirements of the Money Laundering Regulations 1993 will apply and verification of the identity of the applicant(s) may be required. A failure to provide the necessary evidence of identity may result in the rejection of your application or in delays in the despatch of a share certificate or the return of the application monies. In order to avoid this, you should ideally make payment by means of a cheque drawn by the person named in Box 3 of the Application Form. If this is not practicable and you use a cheque drawn by a third party or a building society cheque or a bankers' draft, you should:

- (i) if a building society cheque or banker's draft is used, ask the building society to endorse on the cheque or banker's draft the name and account number of the person whose building society or bank account is being debited. The bank or building society endorsement should be overlaid with the branch stamp;
- (ii) write the name and address of the person named in Box 3 of the Application Form on the back of the cheque, building society cheque or banker's draft; and
- (iii) if you are making the application as agent for one or more persons, indicate in the bottom of the Application Form whether you are a UK or EC regulated person or institution (e.g. a bank or broker) and specify your status. If you are not a UK or EC regulated person or institution, you should contact Ruegg & Co Limited and seek guidance.

If within a reasonable period of time following a request for verification of identity, Ruegg & Co Limited has not received satisfactory evidence, the Company may at its absolute discretion reject your application in which event the application monies will be returned without interest to the account at the drawee bank from which such monies emanate.

- 12. The receiving agents in relation to the Offer are Neville Registrars Ltd of Neville House, 18 Laurel Lane, Halesowen, West Midlands, B63 3DA.
- 13. Any applicant requiring assistance in completing the Application Form should telephone Ruegg & Co Limited on 020 7584 3663 or fax them on 020 7584 4664.
